Accountability Pillar Summary Results Report

October 12, 2017 | For 2016 - 2017

Background

The Accountability Pillar surveys are administered annually during the months of January to March to:

- Students in Grades 4, 7 and 10;
- Students in Grades 4 through 9 (small schools);
- Parents of students in Grades 4, 7 and 10;
- Teachers.

Students and teachers complete the surveys online at school, while parents receive a copy of the survey by mail and are asked to return the completed survey directly to Alberta Education. Student responses are grouped within the *Tell Them From Me* survey process. Responses are collected and tabulated into the summary chart released in May and are updated in October to supplement updated academic achievement results through the Provincial Achievement Tests (Grade 6 and 9) and the Diploma Examination results (Divisional and First Nations, Métis and Inuit specific).

The Accountability Pillar Summary includes several reports:

- The School's overall summary
- The School's First Nations, Métis and Inuit (FNMI) Summary (if applicable)
- New results for all survey measures
- Results for derived measures (Drop Out Rate, High School Completion Rate, Post-Secondary Transition Rate, Diploma Examination Participation Rate, Rutherford Eligibility Rate)

Accountability Pillar Survey Responses

- Responses to the surveys were received from approximately 27 parents, up from 20 last year. Unfortunately, low survey responses may not accurately represent our parent population.
- In Parkland School Division, approximately 298 parents responded to the survey (the five-year average for parent responses is approximately 401).
- In Millgrove School, approximately 122 students responded to the survey.
- In Parkland School Division, 3,932 students responded (1,530 in Grades 4-6; 1,129 in Grades 7-9; 1,273 in Grades 10-12).
- 26 teachers responded.

These are approximate numbers, as not every student answered every question.

Highlights and Celebrations

- We are very pleased with the growth in work preparation. Although it is not our highest-achieving measure, it grew by 8% compared to last year, which reflected the preparation we did with our School Council, and how they guided us in letting parents know what preparation for work could look like in an Early Years school setting.
- As a school staff, we were so proud to see the high level of parent confidence in the quality of education at Millgrove. We scored higher than both the Divisional and Provincial average.
- We are proud that an increased percentage of parents and teachers of at-risk kids believe we are accessing programs in a timely manner.
- We are very proud that we received an overall Excellent rating in five out of seven measured areas on the pillar.

Areas Requiring Strategic Planning

Parkland School Division's Ultimate Goal is Student Success and Well-Being. The Board's Education Plan targets four strategic goals that contribute to the Ultimate Goal:

1. Inclusive Education
2. Quality Learning
3. Culture of Wellness
4. Universal Leadership

Our school's plan for education aligns to the Board's Education Plan.

- We want to ensure parents feel they have more of a voice in making decisions about their children's education. We will be working with School Council to see how we can improve in this area.
- We want to ensure our students are able to model the characteristics of active citizenship, and demonstrate this ability to their parents and teachers. This is another area in which we can improve.
- We also want to improve our ability to link our parents and students with services within our community. We will continue to work with our community partners, such as Parenting for the Future, Regional Collaborative Service Delivery (RCSD), Spruce Grove Family and Community Support Services (FCSS), the JumpStart program, and our own Community Support worker, all of whom are able to link families to other agencies.
